DESIGN GUIDELINES

This overview defines the basic elements of the visual identity of BERLIN SCIENCE WEEK 2023 and thus provides all participating organisations with guidelines that facilitate the application of these elements. In the sense of a unified appearance of Berlin Science Week, the systematic BERLIN SCIENCE WEEK branding is important to us. Please adhere to the following guidelines to ensure recognition on all channels.

LOGO

Please note that the protection zone around the logo specified on the left is not to be changed.

The logo is usually displayed on a white background in red, but can also be used inverted in white on red background, or on photos.

If font and colours are used, please use as follows:

FONT

ABCDEFGHIJKLMNOPS
TUVWXYZabcdefghijklmnop
opqrstuvwxyz1234567890
? ! , " { } % & # / | { } < > +

— Geviertstrich

DIN OT Bold

ABCDEFGHIJKLMNOPS
TUVWXYZabcdefghijklmnop
opqrstuvwxyz1234567890
? ! , " { } % & # / | { } < > +

DIN OT Regular

In headlines line spacing equals point size. If typography is used as design and full-format on posters, the line spacing is reduced. For typographic design applies: Line spacing equals 88% of the point size

COLOURS

BSW Rot
HKS 13
CMYK
0/100/100/0
rgb
227/6/19
#e30613

Schwarz Weiß

The following colours are a standard element of the corporate design: Red, black and white. The main identification colour is red. It may only be used as a colour area, frame or font with 100% colour value.

The font colour is black. Headlines can be highlighted with red. White is used on coloured surfaces or photos.

COMMUNICATION TIPPS

Show Your Participation:

Download our logo set and integrate it into all your communication materials & website with: "[Name of your event] is part of Berlin Science Week".

Brand Your Event:

Use our free branding material (cube, stickers, posters, etc.) to brand your event. Include a reference to Berlin Science Week in your welcome remarks.

Instagram Stories:

We would also like to repost IG stories that you post from your event. If you agree, it is necessary that you tag our account @berlinscienceweek.

Create Lasting Visibility:

Share reels and videos on social media and tag us or contact our Science Marketing Manager for social media retweets and interaction.

The new team is eager for more photos and videos, please send them to us even if you can't work with them yourselves. Ensure copyright clearance of all shared photos and videos. Let's create content that celebrates this year but also sets the stage for next year!
