

# BERLIN SCIENCE WEEK

Below is a list of venues that have hosted events as part of Berlin Science Week over the past two years. While not exhaustive, this list is meant to be a starting point in your search for a suitable location for your event. It may also serve as inspiration for the types of venues that could host your event, beyond traditional lecture halls and laboratories. We recommend contacting the locations early to ensure that your desired date is still available. We cannot guarantee availability.

Some locations are marked with "Special Deal". At these venues, we've organised a 10% discount on rental prices for events organised as part of Berlin Science Week from 1-10 November 2026. To make use of this discount, please make sure to CC info@berlinscienceweek.com in your initial contact email.

For further location suggestions, we recommend using Visit Berlin Convention Office's location finder:
